Welcome!

Welcome to Sutton Magidoff LLP – an intellectual property boutique law firm originally established by Paul J. Sutton and Barry G. Magidoff some 35 years ago.

As its founders, we combine 100 years of experience focused upon all aspects of intellectual property law. In addition to working directly with the managements of our clients, we are accustomed to working in close cooperation with their general and business counsel regarding a variety of transactional and litigation matters.

The intersections of our law, engineering and business backgrounds enable us to develop highly successful global IP business strategies, where we are able to help clients avoid risks, while maximizing their revenue-generating potential. Our firm's culture fosters long term mutually beneficial relationships. Our practice is built upon the delivery of the highest quality services at reasonable fees.

We routinely counsel clients regarding patents, trademarks, copyrights, licensing, trade dress, trade secrets, unfair competition, false advertising, gray goods, computers, the Internet, and anti-counterfeiting. Where litigation becomes necessary or inevitable and where a non-judicial resolution may not be possible or desirable, our track record at the trial and appellate levels before courts and administrative tribunals is unmatched.

We welcome your browsing our Web site and we look forward to the opportunity of working with you!
